Office Action Summary

Art Unit: 3651

1. Claims 5 and 6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 5, line 7, the language "capable of" is not a positive limitation but only requires the ability to so perform. It does not constitute a limitation in any patentable sense. In re Hutchinson, 69 USPQ 138.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 7-32 are rejected under 35 U.S.C. 102(b) as being anticipated by Tateno.

Tateno discloses an integrated circuit testing apparatus and a method for testing an integrated circuit leaving an integrated circuit singulation station 20. The apparatus and method comprise a receiving apparatus 30 positioning to receive untested integrated circuits from the singulation station; a testing apparatus 44 positioning to receive the untested integrated circuits from the receiving apparatus and test the circuits; the testing apparatus including a holding station 50, a first position and a second position; and a separating apparatus 60 to separate defective integrated circuits from non-defective integrated circuits.

4. Claims 1-4 are allowed.

Art Unit: 3651

5. Claims 5 and 6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6. Applicant's arguments filed on Oct. 8, 1998 have been fully considered but they are not persuasive. Responding to applicant's remarks, applicant has alleged that the language "capable of is definite. However, the Examiner respectfully disagrees. According to a dictionary, "capable of" defines as a means capable performs a function. There is no positively recitation.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

8. Any inquiry concerning this communication should be directed to Examiner Tuan Nguyen at telephone number (703) 308-3664.
